Index To Volume 45—1977

A

Angiography, Fluorescein 104
Angiography, Fundus photography and fluorescein 26, 69, 104
Angiography, Simple adaptors for fast conversion of a fundus camera for rapid-sequence ICG fluorescence choroidal angiography 43
Angiography, Stereo sequence programmer for retinal fluorescein 19
Arendt, Kenneth A. 141

B

Baumann, Merrill G. 95
Beeman, Earle C. 141
Biocommunications, How to survive in 15
Black, Jerry B. 48
Boxler, Carl 51
Brandon, Carl 143
Buck, Robert C. 67
Byrne, Richard, Ph.D. 4

C

Cavallo, Robert M. 89
Cinematography of animals, High-speed, a strobe design 143
Controlled Photon Amplification 80
"Copyright: what's the law?" 89

D

Digital densitometer by Brumac Industries 166

E

Electron micrograph negatives, High resolution black-and-white transparencies from 97
Ellis, John 98
Eye, Photography of the External, photographic artifacts and the patient 69

F

Flower, Robert W. 43
Fundus camera for rapid-sequence ICG fluorescence choroidal angiography, Simple adaptors for fast conversion of a 43
Fundus photography and fluorescein angiography
Part III—The Photographic procedure 26
Part IV—Photography of the external eye, photographic artifacts and the patient 69
Part V—Fluorescein angiography 104

G

GAF phases out photo business 167
Gross specimens, Under-fluid photography of 98
Group photography, Large formal 17

H

Hasselblad 2000FC and F lenses 162
High resolution black-and-white transparencies from electron micrograph negatives 97
High-speed cinematography of animals—a strobe design 143
Hochheimer, B. F. 146
How to survive in biocommunications 15
Human palatal salivary glands using a new simplified technique, Reconstruction of the 48
Hurtgen, Thomas P. 3, 61, 87, 139

I

Illuminitran contrast control unit 160
Interface device for television micrography 141

K

Keynote address—BIO 76 4
Kirlian photography: A new tool in biological research? ..51
Kirlian photography in theory and clinical application ..115
Kodak technical pan film SO-115 164
Konikiewicz, Leonard 115
Kozicki, Joseph S. 9

L

Lanier, Thomas W. 17
Large formal group photography 17
Laser beam, Optical staining for lipid droplets in living cells using a 67
Law, Copyright: what's the 89
Light reflected from small areas of a monkey retina 146

M

Macbeth ColorChecker 165
Mamiya RB67, macro lens and 70mm backs 165
Michaels, Kenneth V. 33
Micrography, Interface device for television 141

N

New products 22, 78, 100, 160
No negative needed—the PosOne® system 95

O

O'Neill, Jerome P., Jr. 22, 78, 100, 160
Optical staining for lipid droplets in living cells using a laser beam 67

P

Paulson, Michael 51
Photographic paper using a Kodak X-Omat processor, processing 9
Photography of gross specimens, Under-fluid 98
Polaroid films, Types 668, 667, 084 165
PosColor® system 81
PosOne® system, No negative needed 95
Processing photographic paper using a Kodak X-Omat processor 9
Processor, Processing photographic paper using a Kodak X-Omat 9
Programmer, Stereo sequence, for retinal fluorescein angiography 19
"Pushing" color films 78

R

Rapp, James H. 97
Reading for writing 92
Rear-projection screens from Portable Presentations ...161
Reconstruction of the human palatal salivary glands using a new simplified technique 48
Reindl, Frank J. 15
Rolleiflex SL2000 22

S

Schmid, Anne M. 92
Simple adaptors for fast conversion of a fundus camera for rapid-sequence ICG fluorescence choroidal angiography 43
Stereo sequence programmer for retinal fluorescein angiography 19
Strobe design, High-speed cinematography of animals ..143
Sturgis, Warren 31, 83

T

Tabletop viewers 80
Technique, Whole-roll flash, for false-color title slides ...33
Television micrography, Interface device for 141
Title slides, Whole-roll flash technique for false-color 33
Transparencies from electron micrograph negatives, High resolution black-and-white 97
Tutorial, Fundus photography and fluorescein angiography 26, 69, 104
Tyler, Marshall E. 19

U

Under-fluid photography of gross specimens 98

V

Vivitar Series 1 macro zoon lens 23
Vivitar VI enlarger 25

W

Whole-roll flash technique for false-color title slides 33
William V. Gordon Award, 1976 82
Wong, Don 26, 69, 104
Writing, Reading for 92
